

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

RULES AND REGULATIONS.

LIBRARY.

ARTICLE 1. The Library rooms shall be open every secular day throughout the year, excepting the legal holidays and such other days as the Trustees may direct, from ten o'clock A.M. to eight o'clock P.M.

ART. 2. The following persons shall be entitled to the use of the rooms, and to borrow books from the Library for home use, upon signing a promise to obey its rules and regulations : —

First, All inhabitants of Newton above the age of twelve years known to the officers of the Library as proper persons to enjoy its privileges, or recommended by some responsible citizen, who shall thus make himself liable for any loss resulting therefrom ; and also all teachers connected with our public schools not resident in this city.

Second, Scholars in the public schools who reside outside the limits of the city shall be permitted to use the Library during the term of their school attendance, provided, that on each application, at least one citizen of Newton of sufficient responsibility shall become surety for any damage or loss the Library may sustain by granting it.

ART. 3. Every person entitled to borrow books from the Library will, on applying for them, receive from the Librarian a printed card having on one side spaces for the catalogue numbers of the books desired, and on the reverse spaces for the entry of the date on which books are taken and returned ; and this card must always be presented on obtaining any book, and also upon the return of any book. A register of all persons entering their names for the purpose of borrowing books shall be kept in the Library, the residence of each individual and the loan number inserted against the name.

ART. 4. No person shall be allowed more than one volume at one time, and no book can be changed the same day on which it is loaned. Books will not be transferred from one card to another, neither can they be renewed unless brought to the Library. The time allowed for the retention of any book shall be fourteen days, unless otherwise specified on the cover. All seven-day books may be renewed once. Books that are marked for a longer time cannot be renewed, nor shall any book be re-issued to the borrower's household until after it has been returned to the Library, and has remained there twenty-four hours. Any person retaining a book beyond the specified time shall incur a fine of two cents a day until it is returned. Fines payable at the different Delivery Agencies shall be computed on the same basis as at the Library itself.

ART. 5. Any book retained one week beyond the time prescribed shall be sent for by the Librarian, and the expense of obtaining it shall be paid by the person who borrowed it.

ART. 6. Borrowers of books must give notice to the Librarian of any change in their place of residence.

ART. 7. Injuries to books beyond reasonable wear, and all losses, shall be made good to the satisfaction of the Trustees.

ART. 8. Persons obtaining books from the Library are not permitted to loan them to any one not a member of the same household.

ART. 9. No person shall receive books, or enjoy the privileges of the Library, who is in arrears for fines or forfeitures, until all such charges are paid.

ART. 10. All persons visiting the Library rooms shall be required to demean themselves quietly, and no loud or disturbing conversation will be allowed in the rooms. Any one abusing the privileges of the Library by improper conduct or otherwise shall be denied admission to the rooms.

ART. 11. Books of reference, and those deemed unsuitable for general circulation, shall not be loaned for use out of the Library, except upon an order signed by the Superintendent or a member of the Board of Trustees.

READING ROOM.

ARTICLE 1. The Reading Room shall be open every secular day in the year, and closed on legal holidays unless otherwise ordered by the Trustees, from half-past seven A.M. to nine P.M.

ART. 2. All conversation and conduct inconsistent with the orderly use of the Room by persons resorting to it are strictly prohibited.

ART. 3. All persons violating the rules of the Room, or who shall conduct themselves in any manner becoming the place, or are objectionable as visitors, shall be temporarily or permanently excluded from the privileges of the Room.

EXPLANATIONS.

The catalogue includes all books belonging to the Library September 15, 1891, in all about 34,000 volumes. Lists of the books in foreign languages are given at the end in an appendix.

All books whose shelf number begins with 2, as 212.3, etc., and also those lettered Ref. and L. R., belong to the Reference Library, and cannot be loaned without special permission. Encyclopædias, Commentaries, Dictionaries, and some of the most expensive works of the Reference Library are never loaned.

The biographical and critical works about an author follow the works written by him, and these are followed by the works which this author has edited.

The names of foreign sovereigns are given in the forms belonging to their own countries, as William, Emp. of Germany, Wilhelm. Compound English names have been entered under the last, and names from other languages under the first component part, with a reference from the other part when necessary. English names beginning with De or Van, and French names with Le, La, L', Du or Des have been put under the prefix.

The article at the beginning of titles has been generally omitted both in English and foreign books, and the entry has been made under the word following.

Colons after author's initials indicate as follows: A: Augustus, B: Benjamin, C: Charles, D: David, E: Edward, F: Frederick, G: George, H: Henry, I: Isaac, J: John, K: Karl, L: Louis, M: Matthew, N: Nicholas, O: Otto, P: Peter, R: Richard, S: Samuel, T: Thomas, V: Victor, W: William.
